

visual basic developers guide pdf

Language features. Like the BASIC programming language, Visual Basic was designed for an easy learning curve. Programmers can create both simple and complex GUI applications. Programming in VB is a combination of visually arranging components or controls on a form, specifying attributes and actions for those components, and writing additional lines of code for more functionality.

Visual Basic - Wikipedia

Free online book "Visual Basic Essentials" is intended to be of use to both novices looking to learn Visual Basic, and to those proficient in other languages that plan to cross-train from other programming languages.
