Women's sports includes amateur as well as women's professional sports, in all varieties of sports. Female participation and popularity in sports increased dramatically in the twentieth century, especially in the last quarter-century, reflecting changes in modern societies that emphasized gender parity. Although the level of participation and performance still varies greatly by country and by ...

Alcohol and sex deals with the effects of the consumption of alcohol on sexual behavior. The effects of alcohol are balanced between its suppressive effects on sexual physiology, which will decrease sexual activity, and its suppression of psychological inhibitions, which may increase the desire for sex.. Alcohol is a depressant.
