Convenient procedures, products and services are those intended to increase ease in accessibility, save resources (such as time, effort and energy) and decrease frustration. A modern convenience is a labor-saving device, service or substance which make a task easier or more efficient than a traditional method.

Convenience is a relative concept, and depends on context.

Moving from back office to front office? Every year, a lot of young professionals decide to start their careers in investment banks' back offices. People work in back offices for various reasons: easier hours/lifestyle, because they did not make it into a front-office job and hoped it was the best step towards the front office, or because they simply didn't know the difference between back and ...

o LBD is more than a cognitive disorder. As already mentioned, its effect on muscles makes communication difficult. It can also weaken other muscles, and it can affect physical health right from the beginning.

Therefore, complications like pneumonia, urinary tract infections or falls can be life threatening. Good patient care and early detection of problems becomes very important.
